COLLABORATIVE CAMP 2011

- ❖ Candid Camera ❖ Amazing Race
- ❖ Top Chef ❖ Survivor ❖ Mythbusters
- ❖ America's Got Talent

Each week campers will get a chance to dig in the dirt, plant, harvest and do garden crafts. Collaborative Camp will tend the Community Garden at Flood Brook School, bring home the harvest to share with their families and cook with vegetables from the garden for snack.

Community Garden

Campers will go to local lakes and parks to swim each afternoon. Each week field trips may be offered to area attractions specific to that weeks' theme. Transportation is provided by school bus with a certified driver.

Field Trips

in which all campers participate include arts and crafts, games, sports, Lowell Lake visits, trips to the community garden, fishing and swimming in the local ponds each afternoon. Listed weekly themes punctuate the daily activities. A posted daily schedule shows what campers will be doing that day. Campers have the opportunity to help plan the weeks activities. The state licensed Collaborative Camp employs staff who are skilled professionals, attend ongoing training and are proud to offer another year of quality camp programs.

Swim Lessons
Taught by a certified Red Cross swim instructor these classes will be held July 5 through July 15. Sign up now!

Snack
Snacks are offered twice daily: snacks are simple and nutritious. Campers get hungry, so pack a big healthy lunch and if you have a picky eater include their own snack. Be sure to let us know if your child has any food allergies.
